To: Tree Committee
Palisair Home Owners Association

From: Eskandar Gharib, and Olive Anderson,

Dear Hans Weber, Tree Chairman

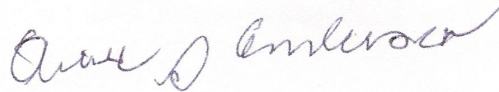

Our neighbor Mr. and Mrs. Sawai living at : 16151 Anoka Dr. have not trimmed their backyard trees for more than two years now; these overgrown pine and wild trees are blocking our view which is very precious and important to our properties' values. In addition to blocking the view, the top of the trees appear to be dying and have become unsightly as well as a potential fire hazard.

We have asked them many times verbally and Mrs. Anderson called them several times on a weekly basis. Unfortunately we were ignored and all our efforts failed, so we need the PHOA help.

Thank you for your help,

Eskandar Gharib
