Agent for Service of Process.

What is an "agent for service of process" and who can be such an agent?

An agent for service of process is an individual who resides in California, or a corporation, designated to accept service of process (court papers) if the business entity is sued. If a corporation is designated as agent for service of process, that corporation must have previously filed a certificate pursuant to California Corporations Code section 1505.

Can my business entity be its own agent for service of process?

A business entity cannot act as its own agent for service of process and no corporation may file a certificate pursuant to California Corporations Code section 1505 unless the corporation is currently authorized to engage in business in California and is in good standing on the records of the Secretary of State.

Where can I find a corporation to act as agent for service of process?

The Secretary of State does not provide a list of corporations authorized to act as agents for service of process. The private service companies listed on our Private Service Companies webpage may be able to assist you. Note: The Secretary of State's office does not endorse these service companies nor are they affiliated with the Secretary of State's office.

Delinquency and penalty notices from the Secretary of State or Franchise Tax Board.

- \* Why was my business entity assessed a penalty?
- \* How was I to know that I had to file a Statement of Information?
- \* How do I change my business entity's address of record?
- \* How often am I required to file a Statement of Information?
- \* How do I dispute a penalty assessed to a business entity?
