Hello Dennis:

Doing errands with the family right now. All is generally well - I hope the same, or better, for you!

We have approved Phase One of the project preliminarily and sent confirming correspondence. We have not to present received stamped plans for final approval, at least to my knowledge. I was provided further grading plans which I have not yet reviewed.

We have not yet provided approval for Phase II. We were provided further information since our last meeting, more specifically providing the location of the two story structure as related to the neighboring properties. I believe that Francine has met with Essy and confirmed no view obstruction from his property posed by this proposed addition. We do not to present have further renderings of the proposed structure, other than those which you have seen.

Steve

Hi Steve,

I trust you and yours are doing well.

Can you bring me up-to-date on the status of the matter. If a phone call would save you the trouble of typing a response, I would happy to call you at a time convenient for you.

Thanks.

Dennis Mendel
