Francine,

What I can say is "wow." What a huge difference, as we expected. I am pleased that the Ransfords kept to their word and had them cut.

Thanks for the photo and thanks for your support on making this happen. It will have a big impact once my new living room is in the location where the current garage sits.

Best regards,

Robert

Hello Robert,

As I assume you are still out of town I thought you'd enjoy the attached photo! Of the 5 eucalyptus trees you can see two of the severely topped tree trunks. The rest are hidden by foliage. I'm confident that the Ransfords will be able to now maintain their trees to an acceptable level into the future.

Best,
Francine
