To whom it may concern:

"Harmony of the Hillside"

Porches and Patios - yes - Rooftop Decks - NO !!!

Having dwelled in my home at 16051 Anoka Drive for 50 years (my husband, Dale, and I moved here in 1965), I have appreciated and loved this street and its individual home styles (including roofs) which are in keeping with the flow of the hill neighborhood. The view of the Ocean, Palos Verdes, and Catalina are a joy to see.

This is apposed to the view of a Rooftop Deck which would impact the peace of mind and privacy of adjoining neighbors and others on Anoka Drive.

I am in disagreement with the installation of a Rooftop deck.

Thank you for your consideration of these ideas.

Yours sincerely,

Olive S. Anderson

To whom it may concern:

I feel that each plan involving a roof top deck should be evaluated individually by the board. I also feel that neighbors' concerns for view impairment, noise, and privacy should be considered over any benefit to the petitioner.

Sincerely,
