Hi Francine,

Please see attached. However, there was no actual vote to approve this, correct? Also, do you want to mail the letter, email or both? I assume they do not need to sign the letter?

Thanks.

Kim

I took a PDF of the web page showing Heather. And it's fine, in fact great. So I think we can approve. Would you do a first draft on a short letter to him?

Hi Francine,

If you go to this link it will show you the color of the roof. He said Heather is the color which is pretty dark. Do you still want a sample? K

Did you specifically ask him to submit a physical sample? He mailed us a picture of his roof choice but I don't remember where it is. Do you have it? It's not on Admin. The question is how much we push for a physical sample if we can just evaluate based on the picture. Maybe you could make a phone call to the manufacture who could hopefully confirm that the color is dark. That would be all we would need.

Also, now that we have an email address it will be easier to communicate. Ask him if we can add his email address to our records so we may use it for our future communications with the PHOA. Reassure him that it will be confidential and used only for PHOA communications. Hopefully if he says yes in a return email then pass that on to Diana. We have to have written records of homeowner permission to use the email.

For the moment let's hold off on the billing. Let's wait until we can send him an approval.

Francine

Doesn't look like he is going to submit. Do you want to have Karen bill him?
