Hi,

Please see the following submittal for a 6 ft. chain link fence on the side of this property.

I told him we need a plan showing the elevation and location of this fence. We would need to determine if it blocked views.

Dawn, please add to the agenda. Chuck, for website.

Thanks.

Kim

Hi Kim, see attached application for a chain link fence 6 feet high, 80 feet long along the north side of the lot.

I'm getting coyotes eating my outdoor pillows and plants. This might help. Currently there is no security fence on that side of the property. I will email you photos if you'd like.

Where should I mail the check to?
